Ella Ultimate with an Independent Foot/Calf Massage

Now you can enjoy an independent foot massage within a few minutes by simply filling the water up to the seat level. Just push the "ON" control button, and adjust the intensity control dial to your liking. Enjoy a powerful foot and calf massage, or adjust the dial to enjoy a less pressurized massage.

6 Foot Jets In Hydro + Hydro Option

Ella Gravity Driven 2" Dual Drain Technology

Ella Dual Drain Technology consists of two 2" gravity driven drains with 4 outlets (2 overflows and 2 openers), allowing the fastest, most reliable gravity-drain in the industry. The average drainage time for an occupied tub evaluated by our dealers, range from 50 seconds up to 120 seconds based on tub size, condition of the house drains, and the configurations.

Ella Faucet Options & Shower Column Kit

What makes this Ella Shower Column Kit unique, is the ability to connect to an Ella 2 piece or 5 piece deck-mounted faucet by replacing the handheld shower head. The column can be effortlessly adjusted up to 7 feet tall and it includes a vertically movable, 5 mode multi-functional hand shower and an oversized 10" overhead rain shower.

Ella 4-Fold Shower Screen

Our 4-fold glass screen is a great alternative to a shower curtain and a great addition to your walk-in tub. It operates smoothly and easily and offers great splash protection. In addition, this glass screen provides an open and airy bathing experience.
